

There has been a fantastic response to the Scarecrow Competition and there are 31 scattered around our villages for you to see! Not all are entered in the competition but they're all for us to enjoy, see if you can spot the extras!

The list below follows a trail starting from the Pound, (head up the road past Lingham) left at the top to Brays Hill, double back and go along the length of Brownbread Street, left at the junction onto Church Road then left at Pontoons Green to the Farthing Lane Triangle then back the way you came, turning left again onto Herrings Road up as far as Red Barn Thatch, then back down the way you came again past the Sports Pavilion and back towards the Pound.

The second part goes down Penhurst Lane from the Ashburnham end taking in the Furnace on the left then back onto the road, left at Penhurst Retreat Centre as far as Little Oak Hall then double back, past the Retreat Centre and down to Hill Farm.

Those feeling energetic then need to take a walk down to Agmerhurst Farm Cottages off the main 271 road to see Queen Bee!

If you are walking or driving around, please stay safe, respect people's property and park sensibly. You don't need to enter anyone's land or garden to view the scarecrows. Please also be aware of and adhere to the current social distancing regulations. If you don't know the villages well, do check locations such as the Furnace on a map, it's off the beaten track!

1)

The Pound	Gardener on Furlough Herr Lockdown Desperate Lockdown Fisherman Mr Pumpkin Head
